To Whom it may concern:

Boise Cascade Company is hereby giving an advisory notice under the Worker Adjustment and Retraining Notification Act of 1988 ("WARN") of the long-term layoff of employees working at the Elgin Plywood and Log Yard facilities, located at 90 S 21st. Street, Elgin, Oregon 97827; this layoff is expected to be long-term and all affected employees will be laid off. Boise Cascade expects layoffs to begin on or before October 14, 2023 or within 14 days thereafter. Employment is likely to end at the end of the employee's last shift prior to October 14, 2023, but it may occur sooner or later depending upon changes in the supply-and-demand balance for residual fiber across the Pacific Northwest.

All affected employees were notified on or before August 16, 2023 of the upcoming layoff. All affected hourly employees are members of the Union local 2780 Pacific Northwest Regional Council of Carpenters. Todd Gorham, the local representative for the Pacific Northwest Regional Council of Carpenters has been notified.

Please contact me or the Region HR Manager, Lori Fogle (509) 738-3211 with additional questions or requests.

Sincerely,

Holly Hudson  
HR Director, Boise Cascade
