Notice of Potential Program Benefit Eligibility

The Department of Labor (DOL) certified the workers of **CVG Oregon LLC** for the Trade Adjustment Assistance (TAA) program. This was the result of the workers being determined as adversely affected from the results of import competition or shifts in production to a foreign country. You have been identified as a current or former worker of this employer.

If you were laid off from work due to a lack of work on or after the impact date, and before expiration date, you may be eligible for the following benefits and services under the TAA program;

*** Re-employment assistance * Training * Job Search Allowances * Relocation Allowances * Additional Unemployment Insurance benefits in the form of Trade Readjustment Allowances (TRA)**

To better explain how the program may assist you, WorkSource Oregon is holding a TAA information presentation on **Monday, May 18th, 2015, 2:15 to 4:15pm and 4:30 to 6:30pm** at **CVG Oregon LLC, 8005 SW Hunziker St., Tigard OR 97223**. Your Employer will notify you based on shift which session to attend.

This important presentation will be your first opportunity to learn how the program can benefit you, as well as your chance to ask any questions you may have pertaining to program benefits and services. This notice encourages you to attend the presentation meeting.

Please contact the Central Trade Act Unit at (877) 639-7700 if you are unable to attend and we will provide this information in an alternative format.

If you are unable to attend the meeting, please contact the Central Trade Act Unit (CTAU) at (877) 639-7700, for instructions on how to access benefits and services under the Trade Act program.

***** There are important deadlines to receive benefits and services under the program *****

In order to be eligible for TRA, you must be enrolled in training no later than 16 weeks after your most recent layoff from the adversely affected employment or 8 weeks after the Trade Act certification, whichever is later. If you are not able to get into approved training by these deadlines, a waiver of training may be available to you.

The Trade Act program also offers other re-employment services that have deadlines attached.

Job Search allowance – 365 days from the certification date or your most recent qualifying separation date. If you are in training that takes you beyond the above deadline, you have 182 days from the date you complete training to access this service

Relocation allowance – 425 days from the certification date or your most recent qualifying separation date. If you are in training that takes you beyond the above deadline, you have 182 days from the date you complete training to access this service.

Our team looks forward to serving you with any of your re-employment needs. If you find that you have questions that are not able to be answered, please ask to speak with a Trade Act Coordinator. The TAA program coordinators for the State of Oregon are;

Ricque Smith – TAA Coordinator

Vann Keo – TRA Coordinator

Sincerely,

The TAA Coordinator team
