John Asher, Rapid Response Coordinator
Oregon Dislocated Worker Unit
Office of Workforce Investments
Oregon Higher Education Coordinating Commission
875 Union Street NE
Salem, OR 97311

Dear Sir,

The Company sends the attached notice to supplement its previous letter sent on June 4 regarding permanent employee layoffs at PCC Structurals Inc. at 13340 SE 84th Ave, Clackamas, OR, 97015.

In the prior letter, the Company, by using the template posted on the State agency's website, inadvertently attributed recent position eliminations to the statewide operational restrictions put in place by Governor Brown. To clarify, the position eliminations were necessary to respond to the unforeseeable impact of the COVID-19 pandemic on customer orders and Company revenue.

The attached notice clarifies this issue. Please let us know if you need any additional information.

Sincerely,

Deirdre Molander

Salem, OR 97311

Dear Sir,

As stated in our June 4, 2020 letter, which was provided pursuant to the Workers' Adjustment Notification and Retraining Act (WARN), Public Law 100- 379, PCC Structurals implemented a permanent layoff of employees at PCC Structurals Inc. at 13340 SE 84th Ave, Clackamas, OR, 97015 on or about April 15, 2020. The unforeseeable, significant downturn in business caused by the coronavirus ("COVID-19") pandemic, has resulted in a decrease in our customers' production levels and product orders.

As of June 4, the total number of employees laid off was 170. Attached you will find a list of job titles and the total number of employees that were affected in each job classification. Some employees (below the WARN threshold) were notified of an impending layoff on April 13, 2020, and the layoff occurred on April 15, 2020. Additional layoffs based on the same unforeseen business circumstances began on May 18, 2020 and continued through May 31, 2020. Due to unforeseen business circumstances, PCC Structurals was unable to provide earlier notice.

There is no union representation at this facility. Company provisions for transfer, bumping or reassignment do exist and may slightly impact the final layoff count.

I am the local point-of-contact and can be reached at 503-382-7131 or Deirdre.molander@pccstructurals.com.

Sincerely,

Deirdre Molander
