Dear Michael Welter:

We write to inform you that United States Cellular Corporation ("USCC") plans to sell all of its wireless operations, customers, and approximately 30% of its licensed spectrum to T-Mobile US, Inc. ("T-Mobile"). Consistent with these plans, approximately 4,100 employees will be permanently separated from employment with USCC Management Services, LLC at personal locations used by employees working remotely as well as the corporate-owned locations identified on Exhibit A. Employment separations are planned to commence on June 2, 2025 or within fourteen days thereafter. However, USCC has made arrangements with T-Mobile to offer employment to a majority of these employees at a salary or wage rate and with benefits, that when taken as a whole, are no less favorable to these employees' current salary or wage rate and benefits.

This announcement and the above timetable are based on the best information currently available. However, various factors may still affect these plans and the timing of employee separations.

This letter is not an admission that any employment separation that takes place as a result of this transaction constitutes a covered event under the federal Worker Adjustment Retraining and Notification Act or any applicable state counterpart. If you have any questions or need additional information, please contact me by telephone at 773-399-4130 or UScellularHR@uscellular.com.

Sincerely,

Izik Youker
